

kreon ato in-line

kreon ato in-line provides a truly versatile lighting tool. It is a trimless recessed indoor spotlight family for focused lighting. With single or double directional lampheads, they meet the needs of accent lighting requirements in residential environments, commercial premises and hospitality projects. kreon ato has a rotational adjustment of 360° and an angular adjustment of 30° which when combined with the choice of high quality reflectors with faceted spherical smooth surfaces provides a truly versatile accent lighting tool. kreon ato single comes in two beam angles, flood (30°) and wide flood (40°) and can be additionally equipped with professional screening accessories. kreon ato twin has two lampheads with 30° flood optics than can be tilted independently.
